

ASX / MEDIA ANNOUNCEMENT

12 December 2012

**DECMIL GROUP LIMITED WINS \$30M CONTRACT
WITH RIO TINTO IRON ORE**

Key Points:

- **Awarded \$30 million contract**
- **Construction of range of facilities at iron ore mine**

Leading design, civil engineering and construction company Decmil Group Limited (ASX: DCG) is pleased to announce that its wholly-owned subsidiary, Decmil Australia, has won a \$30 million contract to construct facilities for Rio Tinto's operations in the Pilbara.

The contract covers a range of major infrastructure works and includes the construction of a heavy vehicle workshop and associated facilities, a first aid building, a security gatehouse, a communications hut and a radio base station facility.

CEO Scott Criddle said: "It provides confirmation that at a time when there is talk of a slow-down in the iron ore sector, Decmil's long-standing relationships with major mining companies places us in a very strong position to continue to win significant contracts.

"We anticipate commencing this work in January 2013 and expect it to be complete by September 2013."

In February 2012, Decmil secured a milestone five-year agreement with Rio Tinto, placing Decmil Australia in one of a few preferred contractor roles.

Other current Rio Tinto projects include a \$30 million contract for the construction of heavy mobile equipment at another Pilbara mine, as announced in July 2012.
