Review of Operations

Overview

Decmil Group Limited has maintained its strong financial position and continues to focus on margin, profitability and operating cash generation as the key features driving Group financial performance.

The Group has delivered a strong financial performance for the half year, reporting a consolidated operating profit before tax of \$38.0m (2012: \$63.3m). The prior year operating profit before tax comparative includes a gain arising from the business combination of Homeground Villages of \$29.8m. Excluding this amount, the Group has grown operating profit before tax by \$4.5m (13.4%) over the comparative period.

Net profit after tax for the half year ended 31 December 2013 was \$25.7m (2012: \$44.1m) with earnings per share of 15.28 cents (2012: 26.30 cents). Excluding the comparative period gain arising from the business combination of Homeground Villages, net profit after tax has grown by \$2.4m (10.3%) and earnings per share by 1.4 cents (10.1%).

Improved profitability has been driven by an increased margin contribution from Homeground Villages to the Group results and, notwithstanding weakness in the broader construction and engineering sector, a focus on productivity within the Group's construction and engineering division to maintain margins. This has resulted in a consolidated net profit after tax margin of 9.8% (2012: 7.0% excluding the comparative period gain arising from the business combination of Homeground Villages).

Operations

Revenue within the Construction and Engineering division decreased to \$231.9m (2013: \$317.1m), however entering the second half of the 2014 financial year the group has \$313.6m of secured work in hand to 30 June 2014. During the period the Group has been appointed by Queensland Gas Corporation (QGC) as contractor for the remainder of its phase 1 wellsite installation which involves a scope of approximately 800 wells. Initial minor delays mobilising on the Manus Island project have now been resolved and the project is progressing strongly.

The integration of Eastcoast Development Engineering Pty Ltd was a focal point for the half year ended 31 December 2013, with the business now operating under Decmil Australia's management and operational structure. Safety performance continues to be a focus with a total reportable injury frequency rate of 3.01 for the division, which is a pleasing result.

Homeground Villages experienced strong occupancy for the six months to 31 December 2013, with contributions from contracted and non-contracted tenancies. The village now enjoys a diversified customer base across the resource and construction sectors and is the preferred accommodation provider for major projects (WICET cornerstone tenant) and Tier 1 contractors operating in the Gladstone region. Homeground Villages contributed

DIRECTORS' REPORT

strongly to the overall improvement in Group profitability for the half year ended 31 December 2013.

Construction capital expenditure of \$1.7m was spent on the village in the half year and is now complete, with any future expenditure likely to be of a sustaining capital nature. The Group still holds options to expand the capacity of the village, should customer demand warrant such a decision.

Financial Position

Operating cash flow for the six months ending 31 December 2013 was \$40.5m, which was better than the previous corresponding period. The group maintained a strong net cash position with cash on hand of \$56.5m at the end of the period (\$43.7m at 30 June 2013). The Group has significantly reduced the amount of debt within the business and is forecasting to have fully repaid all senior debt by March 2014. During the period net assets increased to \$283.8m from \$271.2m at 30 June 2013.

Strategy and Outlook

The value of new construction and engineering projects secured during the period was approximately \$400m. The Group's Construction and Engineering division enters the second half of the 2014 financial year with work in hand of \$313.6m to 30 June 2014 and a further \$283.1m extending into the 2015 financial year.

Within the Construction and Engineering division, Decmil continues to seek new markets and adjacent capabilities and services that achieve operating efficiencies for the Group and our customers. Over the past year Decmil has successfully executed a diversification strategy securing work in new regions (Northern Territory and Papua New Guinea); in new sectors (Government) and with new service offerings (structural mechanical piping and R4/B2 Main Roads accreditation to extend the Group's civil offering).

Material risks facing the Construction and Engineering division includes continued weakness in the broader construction and engineering sector and a reduction in growth capital expenditure across major new natural resource projects. The Group is responding to this risk with diversification into new sectors (Government) and an increasing focus on winning work in the sustaining capital, non-process infrastructure and operating cycle of major resource projects.

The Accommodation division has solidified its long term position, with key existing tenants extending accommodation agreements and new opportunities arising as the LNG sector in the Gladstone area moves into the operating and maintenance cycle. The Accommodation division continues to focus on operating efficiency as its key customer value proposition, whilst seeking capital efficient Tier 1 assets in new markets and geographies.

The Group's medium to long term strategy continues to be focused on seeking further diversification of risk and a focus on macroeconomic drivers. Attention is prioritised to predictable, recurring revenues in niche pockets of the economy, which utilise the Group's platform of excellence in project management and delivery, customer relationships and cash generation / capital efficiency. The Group continues to seek opportunities to expand its existing construction and engineering capability, through the execution of both organic and inorganic strategies.

The Group will continue to pursue Build Own Operate (BOO) opportunities, including new asset classes that meet the Group's financial and strategic thresholds.

Decmil enters the second half of the 2014 financial year with a healthy order book and a solid net cash position. This provides the Group with a solid platform for growth entering into the 2015 financial year.

Dividend

The Board has declared an interim dividend of 4.5 cents per share (fully franked). The half year dividend payout represents a 29% payout ratio which is consistent with the H1FY13 payout ratio (excluding the gain arising from the business combination of Homeground Gladstone of \$29.8m) and in line with the Board's dividend payout policy. This policy will continue to be reviewed in line with trading conditions.

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2013

NOTE 1: BASIS OF PREPARATION

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. The half-year financial report does not include full disclosures of the type normally included in an annual financial report.

It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 30 June 2013 and any public announcements made by Decmil Group Limited and its controlled entities during the half-year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001*.

The half-year financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets. The same accounting policies and methods of computation have been followed in this half-year financial report as were applied in the most recent annual financial report, except in relation to the matters disclosed below.

New and Revised Accounting Standards and Interpretations

The consolidated entity has adopted all of the new and revised Accounting Standards and Interpretations issued by the Australian Accounting Standards Board that are mandatory for the current reporting period. The adoption of these new and revised Accounting Standards and Interpretations has not resulted in a significant or material change to the consolidated entity's accounting policies.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted by the consolidated entity.

NOTE 4: DIVIDENDS

The 2013 final dividend of 8.0 cents per share franked at the rate of 30% was paid on 27 September 2013. The dividend paid totalled \$13.492 million.

On 19 February 2014, the company proposed a fully franked 4.5 cent per share interim dividend with a record date of 4 March 2014 and payment date of 27 March 2014. The total amount of this dividend payment will be \$7.590 million.

NOTE 5: BUSINESS COMBINATIONS

On 1 October 2013, the Group acquired 100% of the issued capital of VDM Construction (Eastern Operations) Pty Ltd for a purchase consideration of \$2,750,000. The company's activities include civil construction specialising in roads for the Government sector. The company has been renamed Decmil Engineering Pty Ltd.

The acquisition is part of the Group's overall strategy to diversify its civil engineering capability and continue to expand into new Government sectors.

Through acquiring 100% of the issued capital of VDM Construction (Eastern Operations) Pty Ltd, the Group has obtained control of the company.

31 December 2013 Interim Financial Report

DIRECTORS' DECLARATION

The directors of the company declare that:

1. The financial statements and notes, as set out within this financial report:
 - a. comply with Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001; and
 - b. give a true and fair view of the consolidated entity's financial position as at 31 December 2013 and of its performance for the half-year ended on that date.
2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF
DECMIL GROUP LIMITED**

We have reviewed the accompanying half-year financial report of Decmil Group Limited which comprises the condensed consolidated statement of financial position as at 31 December 2013, and the condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Decmil Group Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

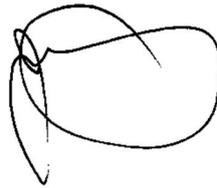

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Decmil Group Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Decmil Group Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2013 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
