## **DECMIL AWARDED \$55M ALBANY RING ROAD CONTRACT**

- **Decmil secures circa \$55m Phase One works**
- **Timing of Phase Two award subject to environmental approvals**
- **The overall project value is \$175m**
- **Award reflects ability to convert robust infrastructure pipeline into contract wins**

Decmil Group Limited (ASX: DCG) (“Decmil” or “the Company”) is pleased to announce that the Western Australian Government has awarded the Company the Phase One works to construct a ring road around Albany, Western Australia.

On 14 July 2020, Decmil announced it was selected as Preferred Proponent to build a \$175 million ring road around Albany, which encompasses two phases and is scheduled to be completed in 2023.

The contract for the Phase One works has now been executed. Valued at approximately \$55 million, the contract involves the design and construction of a new interchange at Albany Highway and Menang Drive, a section of the Ring Road south to Lancaster Road and the design of Phase Two works.

The second phase of construction will extend the Albany Ring Road from Lancaster Road to Princess Royal Drive and is pending environmental approvals prior to the commencement of construction activities.

The project is being funded by the Australian and Western Australian Governments, consistent with Decmil’s continued focus on attaining work from blue chip customers.

“This award demonstrates that we are well positioned to secure opportunities from significant Federal and State Government investment in infrastructure works, which continue to emerge in order to stimulate the COVID-19 impacted economy,” said Decmil CEO Dickie Dique.

This ASX release was authorised by the Board of Decmil Group Limited.
