### **Murray Goldfields and Goulburn Contract Extension:**

Decmil has been awarded a further variation from the Department of Environmental, Land, Water & Planning (“DWELP”) in Victoria for the design and construction of four additional crossings and a landslip repair, which will enhance the ability of heavy fire fighting and logging vehicles to access large tracts of land safely and efficiently.

In summary, the intention of the commercial arrangements with SSF is to complete the project and pursue Decmil's claim against Schneider in arbitration ahead of Decmil and SSF completing their commercial negotiations to resolve the arbitration dispute between Decmil and SSF.
